*Media has changed over the years, and so has the presentation of music over the years.*

*Music greeting motherhood, via Maria, has changed over a period of 1.600 years. Back in the 1960'ies the organisation FIDOF was established to promote music festivals around the world, and thereby cultural communication via 320 festivals. The Disneyland organisation joined along with The Mayor of Los Angeles and many others. FIDOF's organisation created the platform for Ave Maria Concert Festivals, Est. 2011.*
