AVE MARIA CONCERT FESTIVALS

The Ave Maria Concert Festivals had premiere in Italy 2011. Over the years the project has been shaped and developed to become a very unique platform for all 8 billion citizens of the world.

Now, year 2022, after having promoted attention to 4000 ancient and contemporary composers and even more artists during the dangerous covid-19 period, we are now inviting everybody – young and old, musicians and non-musicians – to celebrate the coming of light by giving respect to humans, humanity, nativity, motherhood, birth, children.

Everyone has been a child, and thus everyone should now lift the phone, and sing or play or perform an Ave Maria to friends and family across borders.

Eventually all border will break down, and sooner or later power-holders will realize that it is better to gain goodwill in the public by singing along with citizens of the whole world.

WARMING UP

As this is the first year to go virtually, we suggest you warm up by going to www.avemariaconcertfestivals.net and read the daily hints and instructions.

* Join the platform you like.

** Lift your phone and sing and transmit to your friends and family, who also might be on the platform www.avemariaconcertfestivals.net.

*** Sing along with the worlds most famous artists, and mix it with the not-so-famous artists

Eventually you will find more and more friends, and gain more and more respect.

Next year will be even bigger. And the following year even bigger.

IMAGINE

Imagine you are about to give birth to your child. You are worrying what future will bring. Now you sit down and listen or sing with the presentation of for example Ave Maria composed by Felix Mendelssohn, or, Ave Maria by Schubert, or, Ave Maria by Gounod.

It is all about respecting motherhood, maternity, nativity, birth, children.

Every man should say thank you by singing from their balcony, or, street, or,

We have 4000 songs to be presented each day of December in the future.
