## **PREMIERE OF VIRTUAL MUSIC HONORING MARIA/MARY**

### **PRESS INFORMATION**

Dear Catholics,

Today, Wednesday 23. December, we expand and promote awareness to Birth, Re-Birth, Motherhood, Maternity titled "The Day Before The Day", where we merge the past with the future and expand knowledge and respect to Christianity - not just and only Catholics, Jews, Protestants, but attempting to reach the hearts of all 7 billion people on Earth.

All mothers have probably wondered the day before the day: What will my child be like and become?

Ave Maria Concert Festivals premiered in Italy 2011 at Cathedral San Cataldo, where an audience of Holy, press, public, tourist representatives, TV (RAI) were present to listen to the introduction of the concept in a concert format.

Since 2011 numerous of things has happened. The 500 years celebration of friendship merge in Lund's Cathedral and the Hollywood movie Two Popes have contributed to the global expansion and hunger for peace, not to mention the Corona-Covid19 situation honoring Hope.

To increase the international understanding for our efforts to merge 4.000 ancient composers with today's musicians and singers, we now present links to all the Ave Maria music. And, now we even highlight artists - poor and unknown as well as famous and know - who present some of the world's Ave Maria Music.

Today – 23. December – you can actually assist to promote awareness to the project, which was founded by N. Skipper, who has had a previous career in the promotion circles and managements of top-famous artists icons including Sinatra, ABBA, Elton, ... more.

We hope you will join and promote the music.

Truly Yours,

**AVE MARIA CONCERT FESTIVALS**
